THERAPY PILLOWS

Hotel Los Yámanas offers you this pillow specially made for you. We invite you ask for it, at reception.

Since more than 500 years these pillows benefit are very well known by japanese people, due to the beneficial therapy action, based on the eastern medicine origin. These craft-industry articles are filled with buckwheat husk according to an ancient japanese technique. They always keep a steady temperature level that allows perspiration troubles decrease.

Therapy pillows favour the spine right position and also helps to unblock energy knots. They make migrain more bearable, improving the vision and the sense of hearing, as well as stress problems such as neurosis, insomnia, etc. After a long working-day, they are ideal for a rest. They help to get to sleep; besides, they relax the expression on someone`s face and make headaches more bearable.

Buckwheat is not a cereal, but a fruit. Provided that its growing allows no pesticide, this product is completely organic. As its huck has not got any nutrients, it does not attract any insects, so it does not cause allergy.
